

**Optimal Biz, Japan’s #1 MDM for Three Straight Years,
Has Upgraded to Version 7.2.0!**

**Includes Japan’s first “loss countermeasure” for Mac OS X,
and an original wipe feature for Windows[®]**

Tokyo (February 19, 2015) – OPTiM (TSE Mothers: 3694), a leading provider of business-related applications for smart devices, proudly announces that Optimal Biz (Japan’s #1*¹ MDM*² for three straight years) was upgraded to version 7.2.0 on December 19, 2014.

With this upgrade, management of Apple Inc.’s Mac OS X devices is now possible*³. Moreover, a Remote Lock/Wipe feature for Mac OS X devices is available, which will empower secure utilization of Mac OS X devices. In fact, this is the first loss countermeasure for Mac OS X to be developed by a Japanese MDM vendor*⁴. Additionally, Optimal Biz’s existing Remote Wipe feature has been enhanced via a unique new method which now enables Remote Wipe to be utilized on all Windows[®] OS devices supported by Optimal Biz*⁵.

These new features bring even more security to the business use of laptop PCs and tablets, and further minimize security problems such as loss or theft.

■ Optimal Biz version 7.2.0 affects the following features:

Feature	Outline	Supported OS
Mac OS X Support	<ul style="list-style-type: none"> • Supports Mac OS X device management • Supports Remote Lock/Wipe 	OS X
